Location Tech Task Force: Blue-Ribbon Panel

Attendee Tips

We thank all of those participating in this panel discussion. Please see the following on how to enhance your attendee experience at the Location Tech Task Force Blue-Ribbon panels.

REGISTER FOR PANELS ON CISCO WEBEX

- Click on the registration link for our Blue-Ribbon Panels, fill out the required information, and click Register. Once registered, you will receive an email from messenger@webex.com for event details.

JOIN PANEL ON CISCO WEBEX

- You do not need a Cisco Webex account to join our online panels. To join the event after registration, check your email from messenger@webex.com and click “Join Now” to join by browser.
- If joining from a mobile device, download Cisco Webex Meetings app (from Apple Store and Google Play). In application, tap Join Meeting, enter the meeting number from the email invitation, and tap Join.

AT THE PANEL

- All attendees will be muted upon entry, and no video will be shown.
- Customize your viewing experience by hovering your mouse in the top right of your screen and selecting this icon.
Q&A

- Direct general questions in the Q&A chat to be answered by the panelists at the end of the discussion.
- To ask a question, hover your mouse over the menu bar in the bottom of your screen. Click on the [?] icon.

- If you are using a Tablet or Mobile Device, select the [...] to view the [?] icon.

- Type your question in the Q&A panel on the right side.
- Send your question on the default setting to "All Panelists".
- If you have a question for a specific panelists, please begin your question with their name.
- Check My Q&A tab to find all of your questions, and if they have been answered. When a panelist has answered your question, an indicator appears under the question that it was answered verbally.
